A C-FREE® Product

We start by reducing the product's impact by switching to at least 50% preferred materials. We then measure and reduce the total carbon footprint of each product in the C-FREE program—from cradle-to-grave—through the ClimeCo Certified Product™ Program. This certification purchases third-party, verified carbon offsets through ClimeCo. *Due to the nature of polyester performance fabrics, special care must be taken throughout the printing process.*
